DREW & JASON More Than Friends?

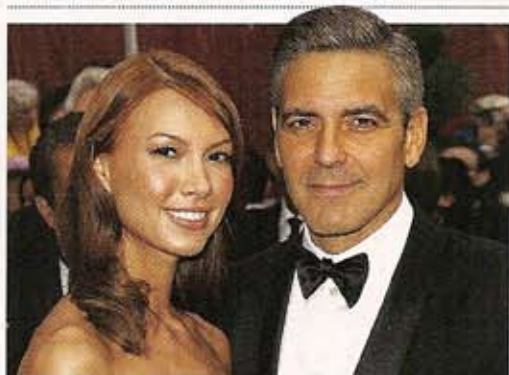

DREW BARRYMORE'S DATING UP A storm! After splitting from beau of 11 months **Justin Long** in July, the star made a pass at **Chace Crawford**, 23, in September, then publicly kissed his *Gossip Girl* costar **Ed Westwick**, 21, two days later. Now has she moved on to **Jason Segel**? Following a report the actress, 33, and the *How I Met Your Mother* star, 28, were smooching November 28 at L.A.'s Chateau Marmont, the two saw a cabaret show at L.A.'s Dresden Room on December 20. "They're just friends," Elayne Roberts — a club performer who sat with them that night — tells *Us*. But a source says, "They're friends with a little benefits," adding, "It's not serious." Segel's rep says, "They are friends, simply."

"They were very comfortable with each other," Roberts tells *Us* of Barrymore and Segel.
